Weekly Confidential

BALLABROOIE,
HIGH GROUND,
BANGALORE.
16th Nov. 1918

My dear Mrs,

The 2nd Number is getting rather big and a bit, probably because he understands my helpless position - He goes on tour with a number of officers including the Rev. Commr & the efficiency Audit officer although I insisted that the Dy Commr & one or two other officers were sufficient.

In camp he resorts to practical resistance & insists on being especially busy over his matters which do not directly bear him - I can send up visitors if Mrs Mc

wishes - But- I am getting on
by compromise & have no wish to complain,
as my responsibility is happily now a
matter of weeks.

Will you very kindly obtain
orders * for us Benares matters?—

(1) If it is decided, I should go to
Benares on what date may I
start- (If H.H. the Bishop decides
I should accompany or go in advance
to be in attendance at Benares, there
will be no difficulty - The Synod
contract matters will have been settled
by then)?

(2) In the matter of preparation of the
Convention Address, will you accept
the primary responsibility - to me or

with the responsibility be I cannot say else?
You have sent me copies of the two
other drafts you promised. I will make
a good job of it- if I am trusted. Otherwise
I will send up a draft of these matters to
take their course in the case of the Bengal
Missionary Conference Address.

Yours sincerely,

C. F. Andrews
